**Dupatta**, by Stefan Kaye and Afreen Akhtar, is a confluence of music and poetry, which results in a powerful audio-visual experience. Stefan Kaye is a multi-instrumentalist composer and producer. Originally from the UK, he has been working in the Indian music scene for over a decade. Afreen Akhtar is a storyteller, poet, and activist who promotes awareness about social issues through discourse and dialogue.

**Toona: A Tribute to Bulleh Shah** is a performance by Bindhumalini and Harpreet. This act stands unique in its blend of southern classical tradition with northern folk music. Bindhumalini is trained in both South and North Indian classical forms and constantly strives to explore avenues outside of her strict classical roots in search of the pure soul-stirring power that music has. Harpreet is a versatile artiste, well known for his multilingual renditions of several folk songs and writings.
